

HELEN CORACE
MANAGER OF THE THRIFT SHOP

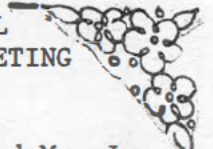

Helen became Manager of the RMH Thrift Shop on Memorial Day of 1978, which means she has been with us for a year. We do find ourselves calling her the "new Manager", but now that she has celebrated her first anniversary, we will just have to call her the, "great" Manager, because "great" she is! She has initiated many changes in the Shop during her tenure, and business is booming, the Volunteers are bustling, and the general atmosphere is light and gay.

Helen is a native of Philadelphia, and has lived there or in it's suburbs for her entire life. She is the mother of three sons, and one daughter, all of whom graduated from La Salle College. Her husband passed away a few years ago.

For twenty six years, Helen worked for Strawbridge and Clothier. She secured her merchandising training under their supervision, and when she retired in 1977, she was Manager of the Infant Toddler Department of the Springfield store. Retirement soon became a bore for her, and Helen began looking for a part time job. This is when "lady luck" smiled on us, and Helen's dream of part time employment became a demanding full time job at the Thrift Shop.

RIDDLE MEMORIAL HOSPITAL
ASSOCIATED AUXILIARIES MEETING
MAY 14th, 1979

President, Mr. Donald Laughlin and Mr. James Burnham spoke to the Associated Auxiliaries on long range planning for the Hospital. Mr. Laughlin explained the development of government regulatory controls to the present and most regulatory Health Systems Agency acting under legislation (PL93-641) to decide Hospitals' expansion, rebuilding projects, and new equipment.

Due to modification of the original RMH building, - Emergency Room has been operating with inadequate space allowance for needed equipment. Although two expansions (South Wing and Health Care Unit) have increased beds, medical-surgical areas, RMH has reached the needed third expansion stage. Admissions are up, patient days are down (6.5 days - average length of stay lowest in Delaware County), increased out-patient days and services are required, Emergency Room renovated, diagnostic suite for outpatient and Emergency Traumas. This third stage has been approved by the Medical Staff, Administration and Board of Directors. Hopefully, within this year HSA will approve this \$6,000,000.00 addition.

BASEMENT - Physical Therapy, Computer Records Storage, small cafeteria expansion, Pharmacy enlarged.

FIRST FLOOR - Emergency Room renovated.

SECOND FLOOR - Special Care Units, room for storage, equipment, and personnel to handle this.

THIRD FLOOR - Personnel from trailers and existing offices from basement (this is where Pharmacy is enlarged), Medical Records.

Following this, doctors spoke about the following equipment they would like purchased by the Associated Auxiliaries. Dr. McCurdy explained the Echo Cardiography Machine. Dr. Cianciulli demonstrated Inhalation Therapy equipment, and Dr. Rose spoke on newer Fetal Monitors that reduce parental fatalities.

On the recommendation of the Executive Committee, the motion was carried to purchase the following equipment for the Medical

Staff: 2 Fetal Monitors
Echo Cardiography Machine
Bronchocope & Power Pack
Monitor for MA-1 Ventilator
Oxygen Blender for Ventilator

'Helen Corace - Continued from Page 1)

Helen is a talented needlewoman, and is skilled in the making of ceramics. She has traveled extensively, and is an avid basketball fan. In fact, her son Frank, is in the Basketball Hall of Fame, but has given up the game to serve as Vice President of the Valley Forge Investment Company. She is the proud grandmother of nine youngsters, evenly divided among her four children.

We are delighted to have Helen on our staff, and we wish her many happy returns on her "anniversary"!

mothers a belated "Happy Mother's Day". I talked to Linda Stewart on the telephone. LINDA AND JOHN STEWART are parents of Troy Ann, Gunnar, and Joseph triplets born at RMH on Valentine's Day 1977. Linda says babies are active and adorable. This makes for a happy mother..... Before I run out of gas, and it is now June-- graduates end their schooling, and start their education..... SEE YOU AT THE ANNUAL LUNCHEON, AND INSTALLATION OF OFFICERS ON MONDAY, JUNE 11th, PAXON HOLLOW COUNTRY CLUB.

PRESIDENT'S MESSAGE

Time flies by! June is here, and my term as President draws to an end. Thank you all for your support. I feel confident that you will step in firmly behind Rosemary and her new Board.

I would like to thank the Nominating Committee for their fine job with this new slate of Officers. It is always difficult to find people to donate all of the time and work necessary to fill a position on the Executive Board. We are very happy with our new slate and thank them for taking these responsibilities.

I hope to see you all at the Annual Luncheon. The new Auxiliary Officers will bring all the "new" Officers to the festivities. Please attend and support your Auxiliary.

Again, "Thank You" for the pleasant year, and God Bless You All!!!!

There is something about June that goes to one's head --Pollen!

You are a person of extreme agility, both physically and mentally. Highly creative, you find it difficult to allow others to direct you in your work when you have so many ideas of your own for furthering your interests. You work well whether alone or in a group, though you prefer to prepare for work on your own, without interference of any kind. You often seem to have a 6th sense about things, particularly about your own talent and how to use it.

Gifted with a fine memory, an unerring sense of wit and an instinct for the humorous and the ridiculous, you are a joy to be with. You should never lack for social activities; indeed, there will be times when you have to refuse many invitations in order to rest.
