RIDDLE MEMORIAL HOSPITAL

1979 COUNTRY FAIR

DUCHESS WYNN

The Associated Auxiliaries of Riddle Memorial Hospital have dedicated their 1979 COUNTRY FAIR to the children of our community in recognition of the INTERNATIONAL YEAR OF THE CHILD.

What would a Fair be without the children to enjoy it? What would Riddle Hospital be without the continuing support of the community, our dedicated staff, employees, and our many friends? And what would the COUNTRY FAIR be without the hundreds of women and men that give of themselves to present this "fun packed three days" for all to enjoy? Through all your efforts, we have managed to contribute over a million in funds and equipment to insure our community that in return for their support, Riddle Memorial Hospital will provide them with the latest scientific equipment and superior medical care.

To one and all, - my heartfelt "THANKS". Let's all pull together and make this, our Twenty-Second Country Fair, a financial success and a happy memory.

DUCHESS WYNN, 1979 CHAIRMAN

ELMA ALBRIGHT

A MESSAGE FROM THE COUNTRY FAIR CO-CHAIRMAN

Discussing the coming Riddle Memorial Hospital COUNTRY FAIR with Elma, she expressed the desire - "Just having a great Fair is what I want." She further stated, "I'm happy to share with Duchess in this effort." Continuing, - Elma said "We must be proud of all our women in what they have accomplished for Riddle, but more important, we must continue to keep up the good work." "We all know how meaningful our Hospital is to the area. Stanley, (Elma's husband, who along with the Men's Auxiliary and others, physically contribute in the construction of the Fair site), and I share a deep personal interest in whatever we can do to help".

EDITOR'S NOTE: - Indeed, we are also proud of Elma who has contributed many many hours in the Riddle effort. Some of her past responsibilities have been serving as President of the Associated Auxiliaries, PAHA Representative, Nominating Committee, and at present, she is Public Relations Chairman for the Executive Committee of the Associated Auxiliaries.
